

## CAREER OPPORTUNITY

Position: Radiographic Technician I  
Location: Paola, Kansas  
Classification: Full-Time

### Job Summary:

To practice, enforce, and maintain records pertaining to radiation safety. To perform radiography on welded joints and interpret RT film in accordance with applicable codes, standards, and specifications.

### Main Duties/Responsibilities:

- To practice, enforce, and maintain records pertaining to Kansas Regulations, under license, and Company requirements concerning radiation safety.
- Radiograph joints of varying size and shape for acceptability to various codes, standards, and specifications.
- Interpret RT film for compliance to Code and/or specification requirements, including review of film, RT report write-up, and presentation of film package to the AI and/or customer Inspectors, when required.
- Interact with Kansas Radiation Control Inspectors during audits of Company's Radioactive Material License.
- Oversee training of personnel endeavoring to become certified under license.
- Perform VT and dimensional inspections in accordance with applicable codes, standards, and specifications.
- Report abnormal conditions of equipment to the Radiation Safety Officer.
- Work in a safe and secure manner and comply with the safety rules and procedures.
- Perform small repairs, cleaning, and preventative maintenance on the radiography equipment.
- Operate jib cranes, forklifts, and other mobile equipment (except heavy cranes) for the moving of material, components, and equipment from location to location within the plant. Occasionally operate overhead cranes and towmotors in support of small moves to continue production within the department.
- Perform general laborer duties as required (i.e. grinding, loading and unloading of trucks and railcars, bricking furnace).

- Keep working area clean and perform housekeeping duties around the plant as required (i.e. pickup tools, roll-up hoses and cables, sweep).

### Qualifications:

Any combination of education and experience providing the required skill and knowledge is qualifying. Typical qualifications would be equivalent to:

#### *Education/ Experience*

- Requires KDHE Radiation Safety Card
- Must be SNT-TC-1A Level II in RT and VT
- Must pass Jaeger 1, Brightness Discrimination, and Color Contrast Differentiation tests.
- Capable of lifting 50 lbs. up to waist.
- Requires 18 months minimum of job-related work experience.

### Compensation:

The successful candidate will receive a competitive salary and an attractive benefits package which may include, but is not limited to: medical, dental, life insurance and flexible spending account.

### Screening:

All candidates will be subject to drug and alcohol screening and a background check prior to employment.
